PPTELL2018 CALL FOR PAPERS

With rapid development of technology, language teaching and learning have been redefined by academics that is focused on digital aids. This rising field provides a great potential for creating new environments for learners and instructors to enhance process and performance in second language acquisition. That is, such a method breaks new ground.

The 1st Pan-Pacific Technology Enhanced Language Learning (PPTELL2018) aims to create an opportunity for experienced scholars to share their knowledge of language learning with advanced technologies and also for practitioners to share their original works in this field. Through interactions with the experts in particular fields, this conference promotes not only the interdisciplinary and international cooperation between universities and industries but also the development of thriving industries in TELL.

EXPAND YOUR HORIZON. We look forward to seeing you in this coming October.

PPTELL2018 is going to focus on the following six topics.

- Topic 1: Artificial Intelligence/Robotic technology in technology-enhanced language learning
- Topic 2: Augmented reality/Virtual reality in technology-enhanced language learning
- Topic 3: Mobile computing technology in technology-enhanced language learning
- Topic 4: Big data and learning analytics in technology-enhanced language learning
- Topic 5: Game-based language learning
- Topic 6: Intelligent assessment and evaluation in technology-enhanced language learning

We invite paper submissions reporting original academic theories or practical work in the area of Advanced Learning Technologies and Technology-enhanced Learning.

The paper should include:

(1) Title of research paper;

(2) Abstract;

(3) Main body of paper.

Authors will receive feedback of the submitted paper by **30th of June, 2018**. Full papers should be submitted at the conference website: Upload full-paper. Ahead of submission of your respective full papers, please carefully read over the conference template(PDF version/ MsWord version). The anticipated types of submissions for all tracks are:

Long paper: 5 pages
Short paper: 3 pages
Posters: 2 pages

Papers submitted must not have been published previously or under consideration for publication. All papers will be double-blind peer-reviewed. The acceptance process will focus on those papers that make original scientific contributions in the form of theoretical and experimental research.

Authors of the best papers, selected from all the tracks by the Program Chairs, are sincerely invited to submit extended versions of their conference papers to the following publication: (i) a special issue in *CALL Journal* (SSCI), (ii) *Journal of Chinese Language Teaching* (TSSCI & THCI Core) and (iii) Book chapters in *Virtual and augmented reality for enhancing Chinese learning* edited by Yu-Ju Lan (Springer Publishing).

Any questions regarding this submission can be addressed to pptell2018@gmail.com.

DEADLINE for Submission: ~~May 20th, 2018~~ June 15th, 2018
Notification for Paper Acceptance: ~~June 30th, 2018~~ July 20th, 2018
Deadline for early-bird registration: July 30th, 2018
Conference date: October 4th-6th, 2018
Conference website: http://pptell2018.tcsl.ntnu.edu.tw/
